SUB:- LOCAL DEVELOPMENT WORKS - South Kanara District -
Additional works - Inclusion in the programme - Report
Submitted.

REF:- (1) Govt. Memo No.1538, Public (R.D.P.IX)/54-4, Dt:29-11-54.
(2) Board's D.O. No. V. [illegible]/54-1, dated:4-12-54.

In the Government Memo first cited a total allotment of Rs.128786 has been fixed as the revised estimate for 1954-55 for this district for local development works other than Rural Water Supply works. In the Board's D.O. second cited, instructions have been issued that alternative schemes should be utilised where some of the works are dropped for want of contributions or other reasons, so that the entire allotment is spent before 31-3-55. In this district, a total number of 25 works were originally selected and approved by Government in 1953-54 programme. Out of these 4 works had to be dropped for want of contribution and other reasons, and one work which since came within the National Extension Service area had to be transferred to the National Extension Service Scheme. In the 1954-55 programme 78 works were originally selected for execution. Out of these 1 work had to be dropped for want of contribution and 13 works which came within the National Extension Service area had to be transferred for execution under the National Extension Service Scheme. Thus the number of works available for execution in the 1953-54 list is 20 and the 1954-55 list 64, with an estimated cost of Rs.2,16,078, and Rs.3,64,300 respectively. Out of these

estimates for 25 works with an estimated cost of Rs.2,32,785/- have so far been sanctioned, and the Central grant involved in these 25 works is Rs.1,11,942. Out of these the estimates for 2 works of school buildings for which the estimates have been sanctioned by the Collector are now pending with the Director of Public Instruction, Madras for approval. As it will not be possible to complete all the works for which the estimates have been sanctioned, by 31-3-55, and as ~~only~~ out the part payments can be expected to be made, it has been found necessary to include alternative works in the programme, which can be taken up in this financial year, so as to ensure that the maximum possible amount is spent out of the sanctioned allotment. -I have accordingly included the following works in Udipi Taluk in the programme for 1954-55, after consulting Sri T.A. Pai, M.L.A., Udipi and after convening a special meeting at Udipi for the purpose.
